2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Vision

We, the learning community of Edison Bethune Charter Academy, believe all children can learn. By receiving a world class education, all students will be academically prepared to compete globally.

Mission

Edison Bethune Charter Academy's mission is to provide all students with a rigorous standards-based curriculum to achieve success. Every child is provided with resources and opportunities to reach his/her individual potential through academic preparation and personal responsibility. Working as a team of parents, staff, and students, EBCA is dedicated to providing a world class education to ensure the academic advancement of every child.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	22.50	86.54	148.00	54.83	234,405.20	84.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

School Facility Conditions and Planned Improvements

Facility Conditions and Planned Improvements

Edison Bethune Facilities

In November of 2011 Fresno Unified started the modernization of our main building under Measure Q and was completed in the summer of 2012. As a result of this construction our entire building was reconfigured and received a much needed update. They worked on updating the Office area, workroom, staff restrooms, a new library, and modernized ten classroom areas as well as updating the boys and girls restrooms. The new layout functions much better and we are very proud to give tours to anyone who would like one. In addition the entire campus received a new coat of paint.

This school has 31 classrooms, a multipurpose room, a library, and an administration offices in the main building. The main campus was built in 1972. Additions were constructed in 1999 and 2004. 21 portable classrooms were constructed in 1999 for class size reduction.

The school opened in 1999 with all portable buildings as a charter school under the management of Edison Learning. In 2014 Edison Bethune Charter Academy became a non-profit direct funded charter and entered into an MOU with Fresno Unified to lease their facilities and use of their maintenance. The multipurpose room was built in 2004. Fresno Unified maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The school facilities were rated as GOOD according to the Williams Inspection guidelines at the school site level.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	21	23	12	13	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parental Involvement

Parent-Student-Teacher Cooperation

Studies have shown that students whose parents are involved in their education generally have higher grades, better attendance, higher homework submission rates, higher graduation rates, and a better chance of continuing their education after graduation. EBCA believes that a cooperative parent-student-teacher triad will narrow the achievement gap between students at-risk and those who succeed by the current standard of assessments. EBCA will work with parents to make them aware of the importance of their involvement in their child's education through the combination of the following activities:

Parent Teacher Conferences

Conferences with the parents of all students and focusing on academically low-achieving students to support the parent in providing tools to help every child succeed in the learning environment, at least 2 times a year.

School Communications

We communicate to parents through various electronic and social media apps including: Facebook, ParentSquare, Smore (monthly newsletters), and our school website.

Student-Teacher Status Portal

EBCA uses Aeries as our student information system which allows families to access information related to their child's performance at school. The use of Aeries allows families, students, and teachers to communicate more efficiently. Through the portal, teachers have the ability for every class to post course material, homework assignments, projects, course grade statistics, and record students' grades on quizzes, tests, class participation, and homework assignments. Students and parents use confidential passwords to log on. Families were provided with physical instructions that were mailed and phone calls provided walkthroughs to utilize the various applications of communication.

2023-24 Opportunities for Parental Involvement

Parent Representation

EBCA strongly encourages parents to participate in and share the responsibility for the educational process and educational results of EBCA. Studies show that home visits can increase student performance, encourage parent involvement, reduce disciplinary problems, and increase the overall positive attitude toward school. Teachers are encouraged to reach out to parents build a positive partnership and open communication among all stakeholders for the benefit of the child. Teachers and parents can communicate through ParentSquare without the worry of a language barrier as the application instantly translates messages in respective languages. Families complete a school climate survey each year evaluating the strengths and weaknesses they identify within the program at EBCA. The information is used to identify opportunities to best serve the community. This year, EBCA partnered with Panorama Education to conduct our survey. The survey focus is on receiving parent/guardian support in understanding and improving perceptions of our school, our school environment, and any engagement barriers.

The Parent Committee is as follows:

At EBCA, our English Learner Advisory Committee (ELAC) voted on merging our School Site Council and our English Learner Advisory Committee into one wildcat parent committee. Monthly meetings are held with a written agenda. Meeting notes are posted on the school website. Meeting invites are sent through online school communication (e.g. ParentSquare, School Newsletter (Smore), and Facebook) in respective languages.

2023-24 School Safety Plan

Comprehensive Safe School Plan

Edison Bethune Charter Elementary School's Comprehensive Safe School Plan (CSSP) provides guidance and direction to principals, faculty and staff who have emergency management responsibilities. The CSSP is used during all emergency incidents involving the facility.

Safe School Plan

The Safe School Plan looks at strategies for improving school safety/climate using district/school site data and plan specific strategies to minimize problems and promote a positive learning environment for all of students on campus. Below includes the following key elements:

Safe School Leadership Team

The safe school leadership team is led by the Executive Director/Incident Commander. The team consists of the Curriculum & Instruction Director, Chief Business Officer, Technology Director, the Truancy Mediation Liaison Officer, and grade level lead teachers. Each person on the team is backed up by an alternate in case they are not on campus.

Threat Assessment Team/Student Wellness Team

This team is responsible for evaluating and mitigating threats posed by students or outside individuals. The principal, school nurse, school psychologists, and police officer are the members of this team.

First Aid Responders

Individuals who have been trained in cardiopulmonary resuscitation (CPR) and First Aid act as first responders at each campus.

Student Release Team

In the event of an emergency at each campus that requires the evacuation of students from the campus, this team reunites the students with their parent/guardian in a safe designated area.

Strategies for improving school safety/climate

Using district and school site data, the school plans specific strategies to minimize problems and to promote a positive learning environment for all of students on campus.

Fiscal Year 2022-23 Types of Services Funded

Title I

Federal categorical program designated to ensure that all children have a fair, equal, and significant opportunity to obtain high quality education and reach, at a minimum, proficiency on the state content standards and assessments. Title I funds can only be used to supplement the curriculum areas of Language Arts and Math. Use of funds may include any or all of the following: professional learning, supplemental reading and math tutors/materials, technology to support English Language Arts and Math instruction, parent training and parent involvement. Edison Bethune uses the funds for salaries for various services that support supplemental instruction for under performing students (teacher, instructional aides, and library), and for improvement in attendance and behavior support (Truancy Mediation Liaison).

Title III

Federal categorical program designated for English language learners to develop proficiency in English as rapidly and as effectively as possible with specially designed curriculum and instructional strategies. Use of funds may include any or all of the following: supplemental staff (Bilingual Instructional Aides) to assist EL students in learning core curriculum, CLAD or BCLAD tutors, supplemental bilingual books, tapes and software aligned to the state standards, study tips, training materials and babysitting for DELAC/ELAC. Use of funds may include certificated tutors for instruction, supplemental academic materials, professional learning for teachers and staff, parent training/babysitting and technology that support English Language Arts, Math, Science, and Social Studies. Edison Bethune uses these funds for our EL Advocate position and for professional development

Title IV

Federal categorical program designed for additional services, staff, programs, or materials that are not provided with State or local resources absent federal funds. These funds can be used to improve student's academic achievement with a well rounded education, improve school conditions for improved learning and to improve the use of technology in order to improve academic achievement and digital literacy. Edison Bethune transfers all these funds into Title I to support those services, and any qualify expenses are paid through general funds.

ESSER I, II and III

This funding will provide local educational agencies (LEAs) with emergency relief funds to address the impact COVID-19 has had, and continues to have, on elementary and secondary schools across the nation. Edison Bethune uses the funds to support all the requirements that came from COVID-19, including but not limited to supplies, cleaning services, staffing for health purposes, technology needed for Distance Learning Instruction. We will also be using the funds to improve technology connectivity on campus.
